All applicants for special plates are required to be a registered or co-registered owner or lessee or co-lessee of the vehicle. A fee (and a subagent fee, if applicable) is charged to transfer specialized plates to another vehicle owned by the applicant. You may complete the transfer at any vehicle license office. When the specialized plates are transferred to another vehicle, the plates will assume the registration expiration date of the new vehicle.

Destroyed, lost or stolen plates may be replaced. A plate fee is charged. Please contact your local vehicle licensing office for fee information.

There are four categories of Specialized License Plates. This form lists the categories, qualifications, if any, types of plates in each category and provides a standard application form for ordering specialized plates, except where noted.
